

Virginia Department of Forensic Science
Laboratory Capabilities and Update
Online Via Microsoft Teams
From Richmond, VA
April 18th, 2023
9:00 a.m.

This informational session will discuss current capabilities of the laboratory system, policy updates and other topics of interest to those who process crime scenes and submit evidence to the laboratory. The Department's Director, or designee, and laboratory staff will be presenting select topics and updates, and will be available for questions. Forensic Training will also provide updates.

The class will be taught online via Microsoft Teams. Participants do not need any special software to participate, however they will need a reliable internet connection. Also, if you will be using an agency issued computer, please ensure prior to the class date there is no internal agency policy prohibiting access to Microsoft Teams via the internet. Participants will receive a link to join the meeting the week of the event.
