VIRGINIA:

IN THE GENERAL DISTRICT/CIRCUIT COURT FOR THE COUNTY/CITY OF _____

COMMONWEALTH OF VIRGINIA,)	
)	Cas
v.)	
)	
, Defendant.)	

Case No.

COURT ORDERED ANALYSIS PURSUANT TO VIRGINIA CODE §9.1-1104

in this matter for DNA.

The Court further finds, without objection from the Defendant, that in the interest of producing meaningful scientific results and judicial economy the Defendant's known DNA sample must be obtained and submitted for comparison with any DNA profile(s) recovered from the item analyzed in this matter. If the _____ Police Department is not currently in possession of the Defendant's known DNA sample, the _____

Police Department shall obtain the Defendant's known DNA sample via buccal swab for submission to the Department of Forensic Science.

The ______Police Department shall maintain custody and control of the item to be analyzed and the Defendant's known DNA sample and transport these items to the Department of Forensic Science. The Department of Forensic Science shall maintain a secure chain of custody on this evidence while it is in their possession. Upon completion of this scientific investigation, the Department of Forensic Science shall notify the

_____Police Department that the evidence is available for return to their custody. The _____Police Department shall transport and maintain this evidence pending trial or other final disposition of this matter.

The Department of Forensic Science shall report the results of this analysis to the Court and provide a copy of the results of this analysis to counsel for the Defendant. Upon his request, the Department of Forensic Science shall provide a copy of the results of this analysis to the attorney for the Commonwealth.
