NOTICE REGARDING DUI/DUID KIT SUPPLY

To: All Law Enforcement Agencies

From: Linda C. Jackson, Director 

Date: October 17, 2022

RE: Resumption of DUI/DUID Kit Supply

This is a follow up to the *Impact of Short Supply of Blood Specimen Collection Tubes for DUI/DUID Kits* notice disseminated on September 14, 2022. Although some continued disruption of the supply of the blood specimen collection tubes in the kits may continue, DFS has been able to secure 2,000 kits since that notification regarding supply shortages.

DFS now has sufficient supply of DUI/DUID kits to fill orders from agencies on an as-needed basis. Law enforcement agencies should continue to monitor their supply of DUI/DUID kits to ensure that all unexpired kits are utilized.

Should you have any questions, please contact the Evidence Receiving Supervisor at the DFS Laboratory that provides services to your agency:
